course TREATS!

COMMUNITY CONNECT

Spirit River Seawolves

The inaugural season for the Spirit River Seawolves was a smashing success.

Our Seawolves accepted the challenge of being a new club and, for the most part, all new to the sport of competitive swimming. We leave this season being very proud of our achievements both individually and as a club. We look forward to continuing to grow our competitive swim club both in and out of the water.

The club has two coaches: Amanda Howard and Miguel MaCedo.

We garnered much respect at all meets in large part due to our coaches. We are committed to building off our success this season and are confident that competitive swimming within our community will continue to grow.

Thank you to everyone in the community for their support. See our Facebook page for information on our club.

Highway 49ers Toastmasters

Please accept this warm invitation to attend our opening **Highway 49ers toastmasters** club meetings this fall at the **Merry Pioneers hall** located on Main street in **Rycroft**. We start at **7:00 pm sharp – 8:30 pm** every **Tuesday** and the time just flies by!

If you have been looking for help to build your confidence, get your thoughts and ideas heard, deal with difficult situations or how to ask for a raise—the Toastmaster program can help you develop the skills and confidence to speak up. Through organized activities and world class online resources, our members are able to overcome shyness, learn strategies to speak with impact and organize topics into compelling stories and speeches that just seem to flow naturally.

I have been an active member for over 30 years and really appreciate the club meetings to help learn and practice different competencies—such as effective listening and giving relevant focused feedback. I delight in learning new ideas and thrive in the warm fellowship and risk-taking of my fellow members.

Come visit us to see what we are up to! We have fun and would love to have more members. Contact: kareneggel7@gmail.com or cell 780 512 3572.

Due to unforeseen weather and family matters Gordondale's Annual Tractor Pull scheduled for October 6 has been cancelled.

Join ATB in raising funds for
United Way!!

Nights, please watch for dates

Influenza Season

It happens every fall: influenza arrives in Alberta, and takes a serious toll on our communities.

Influenza is a real threat. It's also preventable.

Influenza immunization will be available, starting October 15, free of charge, to all Albertans six months of age and older.

It's the single most effective means of reducing your risk of influenza, particularly when you receive it as early in the season as possible. By getting immunized early, you will give your body the opportunity to respond to immunization, and produce antibodies that will arm you against the influenza viruses you'll be exposed to throughout the season.

Each year, influenza vaccine is developed to protect us against the strains of virus likely to circulate in our community.

Though vaccine effectiveness may vary, know this: last season, influenza vaccine cut Albertan's risk of influenza by about 42%. Without immunization, Albertans were completely at risk. And we do mean all Albertans.

Although some individuals (pregnant women, seniors, children, and individuals with underlying health conditions or compromised immune systems) are at greater risk for severe complications, without immunization, even healthy Albertans are at risk of severe illness and even death.

Many pharmacists and physician offices are offering influenza immunization this season. Call ahead to ensure availability before visiting.

For more information on the influenza program, including AHS public immunization clinic locations and schedules, visit ahs.ca/influenza or call Health Link at 811.

Prevention is your protection. Get immunized this season.

AHS will again host the FIT (Fecal Immunochemical Test) campaign. Ask your local healthcare provider if FIT is right for you.
